Introduction to Disaster Preparedness	<p>This training session suggests alternative ways for conducting a workshop on the topic of disaster preparedness. It will provide a common starting point for understanding and discussing disasters, disaster management, the potential scope of disaster preparedness measures, and disaster preparedness as part of a L CERT project.</p> <p>Nine key elements of a comprehensive disaster preparedness strategy will also be presented, including community-based disaster preparedness. Finally, participants will be asked to think about and discuss specific disaster preparedness measures and actions which would improve their state of disaster preparedness</p>		<p>This workshop/training session and the suggested trainer presentations are based on content found in the accompanying module. By studying and using the module, trainers who are not specialist in this theme should be able to prepare and present the points and concepts suggested in these trainer's notes.</p>	3 hours
